

INNERSIGHT ENTERTAINMENT ANNOUNCES RELEASE OF FIRST NOVEL IN THE TRANSCENDENTS SERIES

***Transcendents: War of the Seven* to be released by
Innersight Entertainment Globally in Fall 2025**

Dallas, TX (June 10, 2024) - *Innersight Entertainment* announced today that it is releasing the first novel in the new upcoming Transcendents universe, *Transcendents: War of the Seven* by Devri Walls, the international bestselling author of the *Solus* series. Each novel will be enriched with many interactive links to exclusive immersive content, bringing visual experiences to the written words on the page.

[*Transcendents: War of the Seven*](#) will be the first of a planned series of seven novels, with each novel centering around a group of young adults battling each of the seven dark princes from the underworld, ending with the seventh novel: the ultimate battle with Lucifer himself.

The novel series, which will be published by *Brown Books Publishing Group*, is a global project for the company. Through a partnership with *Element Media Global*, the stories in the Transcendents world will be told through many media forms, including novels, TV and film, comic books, interactive origin stories, and more.

Geared towards a general audience and especially teens and young adults, the action-adventure series takes place in a world of the natural and the supernatural, in the world of angels and demons. The story's main antagonist, the Dark Prince Lucifer, who, centuries ago, created the Ha'Nara — a set of seven soul snares, able to trap mortal's willing souls and use them in his crusade to rule mankind. He charges his fallen brothers to acquire as many souls as possible, while keeping the true power of the Ha'Nara a secret. Meanwhile on earth, five ordinary teens are put into extraordinary circumstances, each proving worthy of their destiny. Throughout history, the teens ultimately emerge as Transcendents, each waiting patiently in Eden, a place where time virtually stands still, until they are called for war. Through harrowing trials of courage, camaraderie, and coming-of-age, the Transcendents follow their plan to combat the Seven Dark Princes and try to banish them to the Abyss.

"I could not have been more thrilled for the opportunity to write this book to life," said author, [Devri Walls](#). "Transcendents is, at its core, a fight between good and evil. With angels, demons, our five heroes and seven princes of hell...I knew the series had to be action packed. But beneath the angst and the battles, this story is about the cost of fear, the power of love and the limitless strength of humanity."

Carolyn Johnston, Founder, CEO, *Innersight Entertainment* and Creator of the Transcendents world said: "My goal with Transcendents is to bring light and hope to an ever-darkening world, beginning with each of us taking responsibility for our own actions. By blending true historical events with fictional exciting characters and their personal quests, I want to show how one's personal actions, both good and bad, can sometimes change the world. With Devri Walls' incredible storytelling gifts, combined with her rich world-building, surprising plot points and complex characters, she has surpassed my expectations of what the *Transcendents* novels can be."

Steve Gagnon, co-CEO of Element Media Global, Inc. said, "We are incredibly excited to be partnering with Innersight Entertainment to bring to life what we believe to be the next exceptional franchise. One that will prove to be timeless and ultimately attract a massive fan base, much like the fans that have made franchises like *Lord of the Rings*, *Harry Potter* and *Percy Jackson* what they are today."

Says Tom Reale, President of Brown Books Publishing Group, "With the launch of Transcendents, we are broadening our offering of excellent fiction being adapted for the screen. Once we learned that Innersight Entertainment had brought in Devri Walls as author, we felt strongly about publishing the series. We look forward to working with Innersight and Devri on this years-long project."
